

Sherwood Industries Ltd. is the proud manufacturer of Uptown Fireplaces, with over 30 years of experience in the hearth industry. Sherwood's products have been recognized due to their high quality, durability and performance.

Uptown Fireplaces are only sold through a network of authorized dealers. Uptown Authorized Dealers are trained professionals that can help you choose the right product for your home and perform any necessary warranty repairs, as they are up-to-date on all technical and product updates.

It is Sherwood's position that Uptown products are not permitted to be sold on the internet; online postings must be for advertisement and informational purposes only, ***and must not include pricing.***

If a consumer purchases an Uptown product over the internet and not from a local authorized dealer, that consumer will risk having the product installed by a non-factory trained contractor. ***Products purchased online, outside of a dealer or distributor's territory, will not be covered by manufacturer's warranty.***

We highly recommend that a consumer purchases their Uptown fireplace from a local authorized dealer, in order to receive full support when it comes to proper installation, correct product and speedy warranty response time if required.
